

## **El Toro Streetscape Project**

### **Phase 1**

The El Toro Road Streetscape Project – Phase 1, from Muirlands Boulevard to Jeronimo Road includes installation of landscape improvements to the existing median, slopes and enhancements to the bridge overcrossing. The City Council approved the conceptual plans in October 2009, and the final design is complete. The City was approved for \$500,000 in Transportation Enhancement Activities Grant (TE) funds for this project. These federal grant funds require an environmental and engineering review by Caltrans and the Federal Highway Administration. Caltrans completed its review process in May 2011 and authorized the City to begin soliciting bids for construction. The project is currently bidding with the bid opening scheduled for July 21, 2011.
